

TEST CHANGES IN HAC

The following new tests have been made orderable in HAC:

Beta 2-Glycoprotein I Ab	7769/B2G
Myoglobin, Quant	7616/MGB

Before ordering an MSO, please always use the HAC "Search" function to make sure that the test is not orderable.

Please refer to our online Collection Manual at www.allina.com/medicallaboratories, or your AML Collection Manual for specimen collection, processing and transport requirements.

The following tests have been made non orderable in HAC:

CMV Antigenemia, Direct	6676/CVA
Myoglobin, Serum	1347/MYS
Triple Screen Boston	2231/3SB
VonWillebrand Ang + Factor 8	2507/VW8
VonWillebrand Complex	3556/VWC

USER REQUEST FORMS AVAILABLE ON LINE

Do you have new staff needing a User ID to access the Horizon application?

User ID Request Forms for non-Allina users are now available on our website at www.allina.com/medicallaboratories. Once you have reached the home page click on the McKesson/HAC User's Page. This link will take you to two versions of the request form, one that you can fill out online, save and email in, and another that you can print, fill out and fax in.

This same link will also take you to a PDF copy of our HAC User's Training and Resource Manual.

CONFIDENTIAL TEST ORDERING

The Collection & Handling section of the AML Directory of Services gives instructions for test ordering privacy. Please note that we can only offer this confidential ordering for tests using manual requisitions and billed to your clinic account. **Confidential test orders can not be submitted to AML using the HAC application.**

If you have any questions regarding any of this information, please contact your Allina Medical Laboratories Account Representative:

Judy Ziegeweid	763-236-6805
