

McKesson/HAC Users' Notes

May 2006

TEST CHANGES IN HAC

The following new tests have been made orderable in HAC:

Helicobacter Pylori Ab, IgM 7430/N30

Before ordering an MSO, please always use the HAC "Search" function to make sure that the test is not orderable.

Please refer to your AML Collection Manual or our online Collection Manual at www.allina.com/medicallaboratories for specimen collection, processing and transport requirements.

Specimen Requirement Change:

The specimen requirement listing for Aluminum (Test 261) listed in HAC has been corrected to read Navy (Red Label) 2 ml Serum. Additional information instructs clients to POUR the specimen into a Metal Free Plastic Transfer vial.

Updated HAC User Training & Resource Materials Information	1

UPDATED HAC USER TRAINING & RESOURCE MATERIALS INFORMATION

Due to staffing moves and phone number changes, the AML Reference Laboratory Client Phone List included in your HAC binder has been revised. An updated listing (May 2006) has been included with this newsletter. Please replace the outdated (Feb 2006) listing in your manual.

Also, we have created a new Results Screen Reference to include in your manual. Please insert the new document included with this newsletter after the Results Inquiry-Quick Reference.

An updated Table of Contents (May 2006) has also been included for you to insert in your manual. If you have any questions about these documents, please contact your AML Account Representative.

If you have any questions regarding any of this information, please contact your Allina Medical Laboratories Account Representative (please note the updated numbers for Lisa Johnson and Kay Zemlicka):

Judy Ziegeweid	763-236-6805
Kay Zemlicka	612-262-5067
Lisa Johnson	612-262-5068
Mary Jo Theis	651-241-8347
Shelly Madson	763-236-4850
