

Molecular Pathology

Abbott Northwestern Hospital at VPCI

PHONE: 612-863-4475

FAX: 612-863-4689

Co-Directors: Mark Arnesen, MD (Abbott Northwestern Hospital – VPCI)
John Reinartz, MD (United Hospital)

Manager: John R. Mendiola, PhD, Molecular Scientist

Hours: 7 a.m. - 5 p.m.
Monday - Friday

The Molecular Pathology Laboratory at Virginia Piper Cancer Institute provides high quality molecular biological analyses, serving as a reference laboratory for clinical outreach work and also as a resource for clinical research projects. The Molecular Laboratory employs numerous molecular biology techniques including Polymerase Chain Reaction (PCR), Reverse Transcription PCR (RT-PCR), Hybrid Capture II, and Restriction Fragment Length Polymorphism (RFLP) Southern Blot Analysis.

Test and specimen collection information is found in the Allina Medical Laboratories Collection Manual.
