Re: Upcoming Report Format Changes

In response to Minnesota statute 325E.59, Use of Social Security Numbers, which will go into effect on 7/1/07, beginning June 27, 2007, AML will begin masking all but the last four digits of the patient's SSN on all paper reports distributed to clients. The first five digits will be replaced by "#". At the same time, the abbreviation in front of this field will be changed from SSN to PID. All reports printed June 27th or later, including reprint requests for testing completed prior to this date, will reflect these changes.

Current Format (lower portion of the report):

| | | |
|------------------------------|-----------------------|--------------------|
| Request: 07-107955 | LAST NAME, FIRST NAME | |
| Collect: XX/XX/XXXX xx:xx | SSN-123456789 | DOB: XX/XX/XX F XY |
| Print: 06/14/07 16:19 | MR# | Acct: |
| 3823-1 *LAB SINGLE REPORT ** | Chart: | Phone: |
| | Bill: | |

New Format as of June 27, 2007 (lower portion of the report):

| | | |
|------------------------------|-----------------------|--------------------|
| Request: 07-107955 | LAST NAME, FIRST NAME | |
| Collect: XX/XX/XXXX xx:xx | PID-#####6789 | DOB: XX/XX/XX F XY |
| Print: 06/14/07 16:19 | MR# | Acct: |
| 3823-1 *LAB SINGLE REPORT ** | Chart: | Phone: |

In order to allow us to group all patient information under a single ID to assure optimal access for the provider to all laboratory data and ensure quality patient care, we request that you continue to provide the patient's SSN on each test request submitted to AML.
